

Patuxent River Division

Management & Services

Regal Decision Systems, Inc. (REGAL) is fully committed to providing our Customers with consistent, high-quality products and services while maintaining focus on cost and schedule performance across all of our Task Orders (TO). Our commitment begins with our Leadership Team that fosters the environment that exists throughout our entire workforce. Everyone on the REGAL Team is a stakeholder in maintaining and improving our Quality Assurance Program.

The REGAL Leadership Team is ultimately accountable for monitoring TO task and sub-task efforts under their cognizance, reporting status, and assuring the quality of program deliverables. REGAL continually assesses TO status and maintains focus on Customer requirements and measures the overall health of TO cost and schedule performance. This results in our ability to make recommendations and execute decisions that meets our Customers' requirements and expectations.

The QA Point of Contact for the REGAL Team executing SeaPort-e Task Orders is Mr. Tony Lotierzo, Director of Military Support Operations. He can be contacted via email at alotierzo@regaldecision.com or at (301) 880-4427.

Clients, Contracts & Task Orders:

Our Patuxent River division works on a great variety of contracts and task orders from Homeland Security to NAVAIR.

Strategic Partners:

REGAL has also established strategic client and partner associations, which we will continue to build upon.

National Technologies Associates, Inc.
